Dear Mr. Piske:

Re: Uniform Dwelling Code (UDC) Ordinance for the Village of Bangor

We have reviewed your ordinance #32-106. The ordinance satisfies DILHR rules stated in section ILHR 20.06 and is acceptable to the department.

You may begin enforcement of the UDC using state permit forms, permit seals and procedures explained in ILHR Chapter 20. Your inspector, Don Doering, should be familiar with this process.

We will fulfill your material order for forms and seals under separate cover. Please call me if you have any questions on enforcement procedures or on the code.

Sincerely,

Ergun I. Somersan, P.E., Chief
